

Dear parents and friends of the Schalker Rainbow School!

Have you ever wondered what the ,Förderverein (support association) is and what is so important about it?

Whenever money is needed at school and the public resources aren't sufficient or there isn't a funding at all, that's where the support association steps in to support our children and the school.

Among other things, we take care of the financing of various projects, such as the theater project, the school garden or the course "My body belongs to me", as well as excursions and much more. Purchases such as games for the (rainy) breaks, chocolate Santa Clauses, drinks for our enrollment school party or ordering school materials are paid for with your donation.

The school support association ensures social justice and steps in when families need financial support, e.g. for school trips or excursions.

Therefore: the association is very important for the school and needs the support of everyone! We always welcome new members and donations! You can become a member for as little as EUR 0,50 a month. There are no further obligations.

If the association no longer gets new members or receives donations, so many things would no longer be possible. All children benefit from the association, including your own! Please reconsider your part in supporting the association.

Registrations for membership or donations can be requested from the class teachers, picked up in the office or downloaded here to print out yourself.

Kind regards and thank you!

The Board of Directors of the support association of the Schalker Rainbow School
